Our Story

The concept of Blue Skies was started almost 20 years ago, when I first came to Jamaica and fell in love with the Country, the people, the culture, the food, and the amazing sunsets that paint the sky every night. I wanted to share my love for Jamaican with others.

It grew into a desire to create something amazing, a boutique 5-star resort, that caters to your every need and pampers you. We aim to exceed our guests expectations from the door-steps of the airport, where our driver will pick you up and treat you to rum punch, red stripe, or any other drinks your heart desires... to being greeted by our amazing Security team at the front gate... to our Reservations' team checking you into your room and helping to create the vacation of your dreams, whether it is sitting on the beach side sipping mimosas served by our wonderful servers, or going on adventures around the island and seeing all that Jamaica has to offer, or sitting on the deck and having dinner and a show with a live Reggae band, showcasing new artists and new songs, ending the night with some of our wonderful desserts and after dinner drinks.

Our restaurant "7 on 7 Mile", for one of the 7 wonders of the world, is a fusion of Jamaican, American, Italian, and other cultures to tantalize your taste buds, with its base in Jamaican spices. We source our produce and products from local farmers from all over the island and from the ocean that is just steps away from our restaurant deck.

Thank you for joining me in this journey and sharing your experiences with us.

Blue Skies, Dana Kurtz, CEO
